

easytube®

New Wire-casing New technology

- › High resistance to wire perforation
- › Ultra comfortable
- › Easy to use

easytube® OFFERS YOU 3 MAJOR ADVANTAGES :

- 1 Very high resistance** to wire perforation, tested by an independant laboratory according to NF EN 388 Standard.
- 2 Unequaled comfort wear.** Because of Easytube® innovating structure, you can't feel the wire and the touch is very cushious.
- 3 Easy to sew.** Easytube® by offering one single wire or bone insertion possibility makes your assembly reliable.
